“ From Pam Boswell president MRF.

NANCY BOEHLKE a Very special Angel Mastiff Rescue of Florida lost a very special individual our Vice President Nancy Boehlke, she crossed the bridge early this morning-July 10th. She was a true and wonderful friend. Lovingly, I would call her Sarge , she was so organized with anything having to do with MRF and Rescue. She was the absolute best at transporting and would just say I love to drive .. so off she would go with her music.. Many times I would call to ask how she was doing and it was like "I am FINE..why are you calling" Nancy was enjoying her music and talking to the dog in the back... YES, she spoke to the dogs all the time and told them the wonderful life they were going to have and that they best behave. She would always stop for hamburgers for she and the dog...Over the years--- Some would go home with her and STAY.. HEDY LaMAR, Mako, Max..then she fostered several others.. and of course she had LEWIS aka Tubs. LEWIS is the last remaining and enjoys his bananas...Mike-- her husband told me that since Nancy had become sick.. it was up to him to get the bananas for Lewis! Her quilting.. OMG absolutely artwork, she loved her quilting friends and looked forward to every time she went. Several years ago she gave me a quilt that I will always treasure. She donated a couple of spectacular quilts for Auction for MRF. She loved so much garage sales, flea markets, auctions.. and had such wonderful friends like Eileen that would go together. She never came out of a 2nd hand store without something... she would come down for lunch and force me to take an afternoon away from rescue.. just for us ..she would say this is your time and we would go to all the stores.. Then she would drive an hour and a half home! Nancy was too young --cancer sucks..never did she complain about her life or her problems....she was always there for everyone else.... Very few are as True as Nancy.. her heart was solid and caring. This woman saved so many mastiffs..and helped so many humans. MRF always talks of our Guardian Angel ARMY... we have some heavy hitters leading the pack.. Nancy and I spoke of the afterlife..because when things were the bleakest for this rescue.. we would ask the army for help and by goodness it came.. When her husband told me that Nancy had passed this morning at 3-3:30 a.m. this morning.. that was the exact time I woke up and remembered something for MRF that needed to be done. Thanks Sarge! I will look in the sky tonight and the brightest of the brite. Will be Nancy. THE WHOLE MASTIFF RESCUE FAMILY- sends their condolences to Mike Boehlke and all the family. Nancy's daughter Christina wrote "Nancy passed peacefully early this morning, surrounded by her family's love. Her beautiful, kind soul will be remembered and carried on by her family and all who knew her. Thank you for all of your prayers, concerns, and kind thoughts during this time. Heaven gained an angel today. There will not be a service, but if you would like to honor her, please make a donation to the Mastiff Rescue of Florida. She touched so many lives, and will be missed greatly." Donations can be made to Mastiff Rescue of Florida P. O. Box 2009, Stuart, Florida 34995 Or Paypal mastiffrescue1@gmail.com

“ Mike and Nancy have been trusted friends and a second family to me since 1996. Nancy's open arms and kindness have always been special to me. I liked to sew and she made me love quilting to new heights. I am at a loss of words to express how saddened my heart is, not only for me, but for my best friend Mike and the entire family. An inspiration to life, caring, and love for others; she is be missed here but we know she is not suffering in God's embrace. Her memories I hold dear forever.
